FLASHDRY

ALL PURPOSE

INDUSTRIAL ABSORBENT

**All purpose absorbent for hazardous
& non-hazardous leaks and spills**

Non-carcinogenic, safe to handle, lightweight and reusable, all natural, organic industrial absorbent. Earthsafe Flashdry soaks up spills 5-7 times faster than clay, with no need for a secondary clean up.

FLASHDRY RAPIDLY ABSORBS:

- Automotive fluids
- Beverages & Syrups
- Household cleaners
- Paint, Chemicals & Resin
- Cooking oils & Grease
- Sauces & Salad dressing
- Blood & Bodily fluids
- Detergents & Softeners

FLASHDRY

ALL PURPOSE

INDUSTRIAL ABSORBENT

Saves Money

Less (non-hazardous) waste provides considerable cost savings on waste management and disposal.

Landfill Safe

Flashdry is non-carcinogenic and will not leach out absorbed hydrocarbon liquids, making it landfill safe.

Cleaner, no mess

No slippery residue or messy waste, its clean, dust-free and non-abrasive.

80% less downtime

Flashdry's quick absorption reduces downtime by 80% and renders the spill area safe and non-slippery immediately.

Faster, no waiting

Instantly absorbs liquid spills on contact.

FLASHDRY		Oil-Dri, Moltan & Clay Absorbents
✓	Absorbs and encapsulates hydrocarbon spills	✗
✓	Absorbs on contact - no waiting	✗
✓	Fast & efficient clean-up - no residue	✗
✓	Establishes safe working conditions	✗
✓	Approved for non-hazardous landfill - OSHA compliant	✗
✓	Crystalline silica free (non-carcinogenic)	✗
✓	Reusable - creates 1/3 of the waste	✗
✓	Safe for all types of spills	✗
